U - Mr. Lovett

(Thru S/S - Mr. McWilliams)

There is attached for clearance in the Department a copy of an NSC staff paper on the subject of "Provision of a Police Force for Jerusalem", which has been submitted to the NSC consultants for concurrence or non-concurrence.

It is pointed out in the first conclusion that there appears to be no practicable way of providing a UN police force for Jerusalem which would simultaneously meet the requirements of the situation and be consistent with the security interests of the United States. This paper seems to me to be about the best that we can hope to get at the present time.

~~I recommend that I~~ express my concurrence.
